### ***Sabbath Thought***

Eccl. 10:11, “A serpent may bite when it is not charmed; the babbler is no different.” A modern version puts it, “If a snake bites before it has been charmed, then there is no advantage in being a snake charmer” (GW).

*Believer's Commentary* says, “What good is a charmer if the serpent bites before the charm begins? Or as we might say, why lock the barn after the horse is stolen? Things must often be done on time in order to be valuable and effective.”
