

United News: Newer Features

The *United News* has added a more easily-accessible digital option to our current print version. This is not designed to replace our continued print production of the publication, but to add new and enhanced viewing features online using the capabilities of our new website.

You can find *United News* online at ucg.org/members/united-news. On this page you can easily access the latest *United News* articles and links to previous issues. When you click on a specific issue, you will see links to individual articles below the welcome statement. While previously only a small selection of articles was visible, requiring that you download the PDF to read the entire publication online, it will now be possible to select all of the content from the Table of Contents below.

Enhanced Photo Galleries and Announcements

Beginning with the January-February 2025 issue of *United News*, you will be able to view items such as photo galleries, member announcements and upcoming events in their own sections. Sections such as “Resources for the Whole Family” include clickable links and graphics and a separate downloadable version of the “Children’s Corner” activity.

This new format is more mobile-friendly, although a PDF copy of the issue will still be available for your convenience.

Trouble navigating to the page? One easy way to easily access *United News* online is to create a shortcut on your phone’s home screen. First, open the United News homepage (ucg.org/members/united-news), then follow the following instructions:

Creating iPhone Shortcut

In Safari, while at ucg.org/members/united-news, tap the “Share” button (looks like a square with an arrow), then scroll down and select “Add to Home Screen.” You can then customize the name of the shortcut before tapping “Add” to place it on your home screen.

Creating Android Shortcut

In Chrome, while at ucg.org/members/united-news, tap the menu icon (three dots in the top right corner) and select “Add to Home screen.” You can then choose a name for the shortcut before adding it to your home screen.

Sabbath Thought

Eccl. 11:2, “Give a serving to seven, and also to eight, for you do not know what evil will be on the earth.” A modern version puts it, “Invest what you have in several different things. You don’t know what bad things might happen on earth” (ERV).

Believer’s Commentary mentions, “Don’t put all your eggs in one basket. Invest in several interests so that if one fails, you will still be able to carry on with the others. This is known as diversification.”

POWERPOINT (PPT) SERMONS UPDATED

Several of Mario Seigle's PPT sermons have been updated with the PPT going back to 2023. You can now download the PPT and view it while listening to the audio.

Updated sermons will have this statement at the end of the summary: "Download PPT to view in a separate tab or window." By clicking on Downloads, under the title, then select the PPT and right-click to get the option to open it in a new tab or new window to view the PPT alongside the sermon page. It is doubtful to use a smartphone for this because two tabs or windows are necessary for both audio and video functions.

Some of the sermons that have been updated so far are:

- 1/28/23 Doomsday or Millennium Clock 2023
- 7/1/23 Inherit All Things
- 11/2/24 The Seven Glories
- 11/16/24 The Parthenon vs. The Bible
