Sabbath Thought

Ecl. 11:3, "If the clouds are full of rain, they empty themselves upon the earth; and if a tree falls to the south or the north, in the place where the tree falls, there it shall lie." A modern version says, "There are some things you can be sure of. If clouds are full of rain, they will pour water on the earth. If a tree falls—to the south or to the north—then it will stay where it falls" (ERV).

The Bible Knowledge Commentary explains, "Solomon urged his readers not to sit around waiting for the most opportune moment to work but to be diligent constantly. The future is as beyond one's control as the acts of God in nature - the falling of rain, the uprooting of a tree by a gale. So waiting for just the right moment to plant (when there is no wind to blow away the seed) or to reap (when there is no rain in the clouds to threaten the ripened harvest) would result in inactivity."
