"Thank You!" A Note from The Community House

Over the past 20 years, our congregation has pitched in to help with improvements in the hall that benefit our service and congregation such as upgraded lighting in the hall. Last year the hall communicated that they wanted to put in an automatic door to assist those who may need help in opening the door. We did contribute to the fund for the purchase and installation of the automatic doors for the hall and this past week the doors were installed. Mr. Ethan May received a thankyou note from the Annie Horton Krug the Executive Director of the Community House this past week.

Dear Mr. May,

An overdue thank you for the generous support of the United Church of God. Your gift towards our automatic doors was recently combined with another generous donor and the cost of the doors was covered. This morning the ADA compliant system is being installed. Everyone thanks you! Our guests with some physical challenges, moms with strollers and everyone with their hands full!

My thanks for your generous support. We'll think of you, and the Hinsdale Women's Club each time we push the button!

*My best,
Annie*

Peanut Allergies – Fragrance Free Zone

We have one in our fellowship that can have such a severe reaction to peanut products that it could cause hospitalization or even death. Those with fragrance issues have a hard time breathing and other very unpleasant reactions. Let's redouble our efforts to serve those in these situations with the loving care that the Chicago Church is known for.
