

## Three Year Chronological Deep Dive Reading Program – Week 12 Remarks... from Pastor, Troy Phelps

### CATCH UP WEEK

Hello everyone,

Due to a combination of brethren around the country being behind due to WFW and Winter Camp, as well as my own decision to focus on a new sermon series, I have decided to use this next week as another catch up week and not roll out another week of reading just yet.

I hope you are each enjoying the study through Job and I hope you find the catch up week useful personally.

If you are all caught up and looking for something to focus on this week, I would encourage you to consider my new sermon series on Christian Fundamentals. No matter the topic, if we want to become great at something, we must first be sure our fundamentals in that area are solid. The first two in the series are on prayer and the next two (starting tomorrow) will be on regular fasting.
