Message body

Hello everyone in Tampa and St Pete,

I received the email below from Lois McDougall and she kindly offers to help if you ever need to have something notarized. I realize often the bank you use will have a notary at the branch, but Lois offers her service if you should ever need a notary.

I wanted to pass this on in case you should need her services.

SM

Not sure how this would be communicated but if you'd like to let our congregation know, I don't mind offering notary services to anyone that attends for free. I've been a Notary Public since 2012 and I can offer the following services at no charge:

Medical Documents

Power of Attorney

Jurats

Transfer of Assets - Wills, Deeds, and Trusts

Contracts

Oaths, Affirmations, and Acknowledgements

There are more documents that I can sign, but this is all I could think of since I'm right in the middle of meeting so my mind is elsewhere. Finances might be a little hard on people so anything free is always a plus. Hope this helps.
